Twelve Keys of Basilius Valentinus is one of the most important alchemical works available to modern students. His writings contain much of interest to the student of alchemy. Whether Basil Valentine is the correct name of the author or an alias does not matter since it detracts nothing from his work or the value of his experiments.

Reviews

Complete guide for publication enthusiasts. I have read and I am sure that I will going to study again once again in the future. Your way of life period will be transform once you total looking over this publication.
— Shayne O’Conner

This composed publication is great. It is one of the most remarkable publication I have got read through. I am just quickly could get a delight of looking at a composed book.
